

Old Peoples Day 2011 and (Ramazan)

Some of the participants in the festivities.

by Imam Bak'ha Malik

Peace and Blessing of the Most High.

I'd like to say what a joyous day of celebration and commemoration for all. In spite of the weather forecast for thunderstorms all day, it became apparent to me our collective spirit power was favored by the gods. Our day went over without a hitch, when reportedly storms were elsewhere (Ma'shallah). This was also a first for the location chosen. It proved to be quite conducive for our needs and an excellent locale in general. I personally enjoyed the camaraderie and genuine fellowship shared

Our Many Activities

By Priest Khalid Omar

Wow, there have been lots of things going on in the Fahamme community since the last newsletter. Let us rewind back to June 18th. The Fahamme Temple of Jeeze Culture and Science supported the an-

nual Sabayet June-teenth Celebration once again. And once again, it was a great event. On June 19th, the Fahamme High Priest came to town and delivered a very powerful and uplifting lecture entitled "Racial Growth, Development and Unity Through Culture", mind blowing as usual. On June 20th the High Priest and I were guest on the Anita Collins Radio Show "My Children's Children" (WGNU). Anita is a very beautiful soul to whom we are very gracious to Amun-Ra for allowing us to become a part of her life. Later that evening, several of the Fahamme Brothers fellowshipped and grilled chicken in

(continued on page 2)

Our Many Activities continued

preparation for the Feast of Ramazan and Old Peoples Day. On the 21st we collaborated with the Fahamme Temple of Divine Understanding in celebration the Feast of Ramazan and Old Peoples Day; it was a very heart warming and spirited event; lots of children, lots of food, lots of fun, and a lot of camaraderie. It was great.

On June 28th, the High Priest and I were hosted again on the Bernie Hayes Talk Show for the fifth time. On July 9th I joined High Priest Ptah Ra in New Orleans, LA where he lectured and we established a new Fahamme Charter; the Cushite Society of Moors-Imperial Cushite Order- Fahamme. Brother Amen Ptah Tehuti a very strong and powerful brother is administering the Temple and has lots of great ideas in the works for the brothers and sisters of New Orleans and nationwide for that matter. Also, as a result of his superior networking abilities, interest in opening Fahamme Temples have been generated in Syracuse, New York, Miami, Florida, Orlando, Florida, Jamaica and Chicago. We are growing and we are prospering.

In addition to all of this, we have had several meetings with members of the Temple of Di-

vine Understanding in an effort to unite all the minds of Fahamme so that we may all survive and thrive.

And, last but not least, brother Wondu Hailemariam and his wife Misrak brought forth into this world a loving baby girl - Arsonia Amera Wondwossen. She entered this world on July 15.

Allah O'kbar.

What is Fahamme?

By Priest Omar Khalid

Bismallah Ar Rah Man Ar Ra Heem

Fahamme Brother and Sisters

The Fahamme Temple of Jeeze Culture and Science is growing; and for the benefit of new members and those that aren't members yet, I would like to explain to you what we mean when we say Fahamme. The Fahamme Prophet put it exactly like this, he said, "It is understanding, it is also the name of the new negro culture founded on the background of our ancestor worship, our due reverence for our noble ancestors, ancient and divine, whose wisdom graced the land of Egypt, Ethiopia, Arabia, Kaldea, Canaan, and the entire torrid zone, the torrid belt of the mystic name of Ethiopia. I know I said a mouth full and a lot of people still don't know what it means. So today I am going

to break that down a little further than I normally do.

Now let us practice Fahamme by exploring/ investigating what was just stated. It says that Fahamme is DIVINE UNDERSTANDING. Divine means that it is Holy, Complete or Universal, Intelligent, and of God.

Understanding means intelligent supreme power of discernment. Discernment provides mental penetration, which is the power of the mind to see deeply into a subject in spite of everything that camouflages or distorts the view. Therefore Divine understanding is simply stated, the understanding of universal law despite the obstacles placed before us.

Next it says that, "It is the name of the new Negro culture". Here I would just like to note that you must consider the period in time when the Prophet made this statement. This was a time when the term Negro was the accepted term for us as is Black or African American is today. But, in many of his other writings, the prophet referred to us as Hamites and even more correctly Khemites. The land of Khem is one of the ancient names of the land named by our ancestors. Understand that people are named after the land of their origin. Hence the Asians are from Asia, Europeans from Europe and on and on and on.

It said "Negro culture" but now that we understand, we will use the term "Khemite culture." Culture means your way of doing a thing or seeing a thing, worshiping your own

In Memoriam St. Louis' "Lady Jazz"

This tribute was prepared and presented on the occasion of her passing on June 15, 2011. Mae Wheeler is the mother of High Priestess, Mar-yam Yathrib Aaten.

A Tribute to Ms. Mae Wheeler

In the name of The Most High God, the Beneficent and Merciful King on the Day of Judgment. It is with great honor and due diligence that we gather today to pay homage to one so deserving as Mae Wheeler. There is nothing that can be said to further illustrate the phenomenal, illustrious, and captivating life Ms. Wheeler has shared with us. For everything Ms. Wheeler represented was exemplary and self evident in all she said and did. "All praise is due the Most High". I say this because, when ONE has done so much for so many it's hard to find words to describe just how you feel. In fact words just don't quite make it. However we must say something.

Lady Jazz (The Crowned Diva of Generosity) (The Royal Em-

press of Congeniality) and a Beacon of Light to anyone who chance to meet her, has graduated from the school of LIFE. She's graduated with the highest of honors (Summa Cum Laude). Ms. Wheeler's list of accomplishments is far too many to mention. From a personal point of view, my life will forever be changed, (as I'm sure yours as well) due to Ms. Wheeler's influence. Her way of motivating and making you believe in your own ability is unmatched by any. If you had any thoughts or feelings of inadequacy, after a short period with Ms. Wheeler all of your inhibitions would disappear and you'd be glad for it. Because in it you'd discover something locked inside you wanting to get out and she had the key to make it happen. And we love her for that! Moreover no one has shown more love and compassion for the human spirit and the art she loved so vigorously (she will be missed).

To sister Mar'yam Yathrib Aaten, the entire Wheeler Family, and especially the grand & great grandchildren: Remember LOVE is the greatest force in

the universe. It is what sustains us daily and enables us to move forward in the future. Love is what kept Mother Wheeler with us for as long as it has (in a Physical sense). But that same Love will keep her with us forever (in a Spiritual sense). A passage from the Fahamme Kitabulah states: "We resurrect the dead or their spirits by merely talking to them or about them, or in dreams, visions, and invocations." Speak to Mother Wheeler often and as much as you like. She will hear you and give you guidance if you need it (a gift from the Merciful God, Insha Allah). Be ever prayerful, for prayer is the key to the next world. Whatever you do, do not forget the life lessons Mother Wheeler bestowed on us. From our perspective she is and will always be "THE QUEEN MOTHER OF THE UNIVERSE".

Submitted with Eternal Love
Imam Bak'ha Malik
and The Fahamme Temples of
Divine Understanding

"The Torrid Zone is the area of the earth that receives the greatest outpouring of solar energy and solar intelligence. This is a fact known to our ancient ancestors and they illustrated this understanding by incorporating it in all of their artwork on vases, temple walls, frescos, and coffins, etc. The intensity of the outpouring of the solar intelligence in this section of the earth is the causation of the creative beginnings of mankind."

—High Priest Ptah Ra
Commenting on 'Culture Lesson #1'
Written by the Fahamme Rasool

For I have found the Philosopher's Stone and it is Fahamme!

By Amen Ptah Tehuti El

I rise and give honor First to the Most High Savior Amen Ra and the Noble Ancestors, Second to the Prophet of Amun-Ra, Sheik Ahmad Din, Adept High Sheik Wabra Semahi, and lastly High Priest Ptah Ra. Also give the greetings of peace and paradise to all true and faithful Hamites and Cushites all over the planet earth. We are living in a great day: when all the prophecies of the that great mystic Sheik Ahmad Din are coming to pass. In a conversation with the High Priest, Ptah Ra, the other day he had many things to say. One of those things is that the Jew is becoming more quiet everyday because the world is beginning to see that all he has was taken from the original Cushites of the planet earth (paraphrased). All his deities and angels are nothing more than rehashed Gods, Goddesses and angels from the pantheon of Black Nations. As the Ra Rasoul stated all the world has our religion and culture and think it is their very own. Our people are waking up and as Ra Rasoul stated Kemetic culture clubs are springing up all over since the advent of his spirit. I feel good because I think (in my opinion) I and all of us play peculiar rolls in the Supreme Grand Fahammist prophecies. This leads me to my story.

I am not a native of St. Louis. I have never been inside a Fahamme Temple of Amun Ra, etc. My coming across the teachings of Paul Nathaniel Johnson was not by mistake though it may seem so. I had been studying the history of our people since I was 14 years old. I studied the history

of various reformers that have appeared among our people from Marcus Garvey to Elijah Muhammad. There is a long story that goes with all of this but there is neither time nor space to allow a revelation of it all. So lets just say I studied a lot of information, trying to fill the voids in our story and why our people was in the condition they were in.

When I entered college my great desire was to form an organization to teach history and knowledge of self to our people. I just had no real clue on what to do and how to do it. I erroneously felt that if I joined the "black" Greek letter organizations on campus that it would propel me into a position where I could start to do my work. I was very wrong but that is another story for the next article!

Through these venues I was given the opportunity to join the

Prince Hall Freemasons of the State of Louisiana. You may be saying what does this have to do with Fahamme or the Supreme Grand Fahammist Paul Nathaniel Johnson? Please bear with me and it will become clear.

When I was initiated into Masonry, I quickly realized that this was not just some fraternal order invented by Europeans and appropriated by Negroes (Persona Non Grata). Through my studies I quickly realized that the knowledge and symbolism in this order was taken from the ancient Hamites and given a European cover as if it originated with them in England. Through the years I delved into the study of it and linking it back to our ancient ancestors and showing how we were the originators. I collected all of my original findings in a book. But this article is not about me or my book. It is about how Paul Nathaniel Johnson's work manifested in my life.

After making the discovery and revelation of these findings, I started to do more research. In the interim I met a brother who was a member of Prince Hall Freemasonry. He had a peculiar name and I was curious because I have known that members of this organization were Christians and had Christian names. When I finally approached this brother about the nature of his name and how he came about obtaining it. I found out he was a Fahamme and follower of Paul Nathaniel Johnson. I began to do a search with the little info he gave me. Finally, he gave me a copy of the

Fahamme Gospel (first edition with nine chapters). When I read the book it was like magic. It was amazing that there was a man doing what I was trying to do. But he did so in 1919 A.D. I suddenly realized that I was not the only one trying to do what I was doing. Then with further reading of the literature I realized that I was a grain of sand and part and partial of the Ra Rasoul's work. I thought that I was one of a few men that tackled the subject of the true origins of Masonry. Boy was I wrong; The Professor Paul Nathaniel Johnson was first!!!

I was drawn in by the power of Rasoul's words because I understand "language" and the words of the Rasoul resonated with me for that reason. To bear out what I am saying on how the Holy Prophet's work and testimony is perfect and on point is that I, a REAL Master Mason, woke up and many others are waking up to their true culture. This is in accord with the Holy Prophet's teachings in

the following words of the one I call the Supreme Grand Fahammist:

Holy Fahamme Gospel 6:13 "What can the modern blacks show that even compares with his ancient civilizations? Masonry began and ended in the pyramids, the only building erected by the hand of man that time and the elements have failed to destroy. Since Aken-Aten he has not produced a prophet that even compares with Baalam the Canaanite."

Holy Fahamme Gospel 9:32 (in part) says: "We are the true Shriners, says Fahamme the UNDERSTANDER."

So if we are the true Shriners as Ra Rasoul said whom got it from Fahamme. Then we are the real master builders of religion and civilization. Therefore, the European made up fraternal order called the Ancient Arabic Order of Nobles of the Mystic Shrine is talking about us! Because we are the true ancient Moslems of Arabia and Ethiopia.

The Original.

This is the Supreme Grand Fahammist. A True Shriner as is all members of his race. In his beautiful headdress of the original man the fez in royal color, a symbol of learning among our people. This is the Successor to the Gods of Kem and the House of RA the true Shrine.

Remnants of the ancient Masonry of the Kushites

(Left) Ancient Ethiopian with Apron on these were the originals. (Right) 18th century Imitation of the original of our Ancient ancestors. Notice the coffin on apron. Hmm, I wonder who is in there? Ausar/Hiram/Heru....

The imitator.

Notice how they imitate our culture by wearing the Fez and our symbols.

Holy Fahamme Gospel 12: 15 “and remember the names of Sufi, it is also called Kufu, and Cheops. The Crown of Masonry and Soofism. Oh Sufi, Kufu in the land of Kem.”

I also refer you to Lesson Twenty- two of the Enlightenment Booklet by Fahamme Rasoul. To follow up when I read the Ra Rasoul works, they validated me. I was not alone. I was being guided as we all are by the ancestors and the Gods of Kem. And I felt like all the persecution by detractors were nothing because I was not alone. I was REALLY backed by ancestors and the House of Ra in the Person of Sheik Ahmad Din. We in the Cushite Society are in full communication of Fahamme Temple of Jeeze and all Fahammes around the world.

Excerpt from lesson 22- “Negroes are masons by birth for the founders of Masonry are his forefathers and Masonry was no secret, it was our routine manner of living.”

“Remember black people, Masonry began and ended with the pyramids. I am not throwing any stones at other societies, but I am teaching the History of your noble ancestors.”

So since the advent of the Fahamme Rasoul’s spirit in the ether it is awakening quick and beautiful ideas in the heads of our people and with this we are well on our way to see that Professor Paul Nathaniel Johnson, Sheik Ahmad Din was on time, yet way ahead of his time in knowledge and the God Idea.

Salaam, Amen Ptah Tehuti El,
S.G.M Imperial Cushite Order-
Fahamme.

What is Fahamme?

Continued from page 2

most high God, Saints and Saviors, god and goddesses. It also meets the needs of a people, as in providing them with education in farming, trade, and industry. Understanding the science of government and power, and having the knowledge of law and justice. Culture brings order out of chaos and makes a man fit to meet his God.

Then the statement goes on to say that it is “Founded on the background of our ancestor worship”. “Ancestor worship” is explained in the next line, “our due reverence for our noble ancestors, ancient and divine”. Due reverence is honor and respect and to seek to build on the accomplishments of our good ancestors; those that had Godly attributes. That is what we mean by ancestor worship. We don’t mean to hoop and holler, jumping up and down slobbering at the mouth.

The next line says, “Whose wisdom graced the land of Egypt, Ethiopia, Arabia, Kaldea, Canaan, and the entire torrid zone, the torrid belt of the mystic name of Ethiopia.” The wisdom is the knowledge of

God, agriculture, art, architecture, handicrafts, philosophy and medicine, music, poetry, songs and so forth. And the location where this took place is the area 20 degrees north to 20 degrees south of the equator all the way around the earth. This land carries a name of mysterious powers (secret powers) and we are the original inhabitants of this land.

Now you have it, Fahamme brother and sisters.

Old People’s Day cont.

especially meeting new Fahammes not to mention seeing old Fahammes).

Special thanks goes out to High Priest Ptah Ra for his lecture series and sharing his energies with us on our Holy Day. Some things need no comment due to the nature of its creator. With that being said, the food preparers were most excellent as usual in their efforts to appease the palate (Thank You).

May the Most High strengthen us all in our efforts to grow and make great our culture of Old. “Only in Unity is there Strength and there’s greater Strength in numbers”. Fellowship, sharing thoughts, commitment to each other go hand in hand with nation building and the Sisterhood & Brotherhood in Fahamme.

Fahamme Lai’hu

**“Trust no man,
Until time and
Good works prove him.”**

—Theirm, 1927

Fahamme Rasool

Hitting Home - part 1

By Sheikh Razur Khemseth

*Auzu billahi min a seton, 'ar
rajim Bismilla 'ar rahman 'ar
Rahim*

ALLAH is the savior of souls. The gods or angels both male and female with bodies or without gives strength to man. The sun is the father of all life: and all energy, but one should not pray to the "SUN" of God, but pray to the spirit behind the sun.—Fahamme Gospel

ALLAH is the founder and perfectionist of all religions, and religious systems that are the worship of Him and Him alone. Any religion or ideas, and or systems that call upon any name or god or idea that was not instituted by Allah and or the prophets that recognizes Allah and the teachings of the prophets of Allah is false. That religion and its ideas are false in their teachings as well as their culture. The entire world recognizes Allah as God and God All Mighty and fit to be worshiped only, and there is no other god in the universe

worthy of this devotion or recognition. Allah O Akbar.

Allah created in perfection, Islam, and enlightened Muhammad, with the knowledge and visions of its manifestations, and he (Muhammad) then took this religion in its perfect state and taught it to his people, the nation of Arabia located in the land mass at the base of Europe and is so named Saudi Arabia.

This statement explains the Holy Qur'an: chapter v, verse iv; which reads as follows:

In the name of God, Most Gracious, Most Merciful.

v4. Forbidden to you (for food) Are: dead meat*, blood, the flesh of swine and that on which have been invoked the name other than God; That which hath been killed by strangling, or by a violent blow, or by a head long fall, or by being gored to death, that which hath been partly eaten by a wild animal. Unless you are able to slaughter it (in due form), that which is sacrificed on stone (altars); (forbidden) is the division (of meat) by raffling with arrows: that is impiety.

This day have those who rejected faith given up all hope of your religion: yet fear them not but fear ME. This day have I perfected your religion for you, completed my favor upon you and have chosen for you Islam as your religion.

*But if any is forced by hunger, with no inclination to transgression, God is indeed oft forgiving, most merciful.

Muhammad chose Islam (Isis -'El-'Amon) as the religion of the Arabian nation; Qu'ran 5:4

Chapter The Food (Baqara). 'Al Kem, Chapter Two (2) fifth paragraph, The Savior of The World—

So, now we come down to the bare facts about the founding and accepting of the religion of Islam. Muhammad did not found nor choose Islam for his people (the Arabian nation) he accepted it from his God and chose to teach it to his people, therefore it is not a matter of choice nor is it a matter of discovery! But simply a matter of obeying and accepting the commands and will of his God Allah. Those, who state otherwise err greatly, and have no knowledge at all of either the Religion or the Teachings of Islam. Now you know how the Arab World acquired the Islamic way and knowledge of the Religion as well as how to live life under the Islamic Banner.

The body, which is encased in an electrified shadow of cosmic energy, is the only part of the 'multi unit' existence which perishes into what is known as death.

Not the Soul, not the Spirit, and most certainly not the Guardian of the Body, Soul, and Spirit, Only the Body perishes. This does not occur until the body short-circuits from whatever has over taken it. The gods were made to serve man not man to serve the gods. The Spirits are here to minister to man the ways of wisdom, knowledge, and understanding. There is nothing that man is able to do for an Angel or Spirit (if you please) that the Angel, Spirit, or god, (whatever may-be your choice of words) is not able to do for Him or Herself.

This is a fact quite unknown to the average lay person be he or she Christian, Hindu, Zionist, Muslim,

or Buddhist. Man must free himself from the restraints of Negative Opinions; he must produce positive ideas about History, Society, and Culture; of Space, Dimension, Geography, Mathematics, Time, and Eternity. As this is done, man will strengthen himself in Pride, Honour, and Self-Respect.

Quite often in today's society, we hear of some person or persons changing their name from a slave terminology (or state of identification) to one of the nation from which he or she originated which was a free nation with names that speak in freedom. Any time that a person willingly accepts the name of another nation that he or she is born under and that nation is not his or her own this shall place this person in a slave's position. This then leaves these people in a very vulnerable position, and the down fall of that nation is blamed upon those who carry these names. It further makes them subjects of the cultural misgivings of that people. That is to say for all illogical purposes that they take out their anger on you, they consider you a second class being, and many times much less than a human being.

Let us take for example the name Leroy; a name that has come to be known as the name of a buffoon, chiefly a Black male, and he who carries this name always became the center of attraction, whenever something went wrong it was or is the fault of the Black "Leroy" who is to blame. When ever the problems needed air find old Leroy and air your ill feelings against him he's the pompous ass that is to be used as

the cushion for my problems, my white problems, the names of other nations given to, and accepted by another nation of people has not and cannot come to any good. The education of the mind is vitally important to the education of a nations origin. Just as the origin of names is of vital importance to the education of the mind.

What's in a name ? A name is a claim, a claim of a person's nation, a claim of a person's heritage in a nation, a claim of a person's national religious origin, a claim of a person's bed rock foundation, a claim of a person's philosophy, as well as his philosophical views both on life and in life. And that same claim is the basis on which a person builds his or her education and educates his or her or their children. That same claim is the path way to a person's God. It is yet further a claim to a persons deepest, and greatest thoughts, for from within; the spirit uses that claim for reference to all that person was, is, and shall be. And yet this is but a small amount of what is in a name.

Nicknames, especially those of a cheap, weak, and foreign nature should never be accepted. Merely because that type of a name is as degrading, if not worse than the name of a foreign people. One should always take great pride in one's name, for this shows pride in one's God, Language, Culture, History, Education, Heritage, and last but not least, one's Father's lineage. Your name is the Key to you and your origin. So always take great pride in the names of your nation and respect those of

others and you shall always be respected.

TITLES

Rahman = Amun-Ra (High truth) and Rah-him (Raheem) = Ra-Kem or Ham (The merciful). Ham is also written Kom, (but pronounced Khom).

Your divine ancestors' names Isis, 'El, Amon, equals Islam which means Peace. Isis, Ra, 'El, equals Israel, pronounced by the Zionists as Yisrael.

When names are combined they represent both a name and a title, the combination of Isis, 'El, Amun, are the names of three of our gods (saints, or angels), and yet, it also is the title of the beginning of the human race; as well as the way to peace, submission, and the philosophical teachings of all religious systems in the worship of The All Mighty and Greatest God in the Universe.

Isis, is the mother of all living and Queen of the earth from the beginning. She is the teacher of immortality, giving man the secret to the path of immortal life. She is the virgin Mother from the creation, the opening to the cultivation of the soul, and each time a female child is named after her, be she named Isis, or Aisha, or Ayesha, all that she represented is being called back into being. The services of all our great ancestors, are at our disposal whenever we require them, as long as we worship them (this is not mind you a worship as is the type that one gives to one's Creator but the type that is given in remembrance to the great contributions

that this saint gave to his or her people). And practice whatever was taught to us, by them, during their visit on this planet in the material form. In the Book of Isis as well as other books, it is written man has become god and god has become man, and in the book "Al-Kem" (your Holy book and key to all Bibles and Cultures) the Prophet tells us that "man and God are partners", and further tells us that a people and their God are alike, so therefore when one ventures into the culture of another nation ill equipped, one is truly inviting trouble of an unpleasant, and surely an unwanted, and unneeded nature.

The prophet teaches us to worship our own gods and goddesses and respect the gods and goddesses of others. Thus in this way the religious problems shall be solved in peace, for there is no need for hate among the nations because of something this easy to perform.

Ka' illa ila hamdu-lal-Allah.

And the sons of God married the daughters of men and their offspring were the greatest among men. 'Al-Kem page 7, Chapter Three, Jeeze—Sons and Daughters of God, Paragraph # 4.

Gen. 6:2 And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, that the sons of God saw the daughters of men that they were fair (light, or pale in skin complexion, White, as it is known today). And they took them wives of all which they chose. This Black Man placing this white woman in and amongst, and over the Black Women. This is a fact that has never been taught before to the lay persons of this or any other nation that is black un-

der European Christian domination for to do so would be to expose the true existence of the so called White Man.

And this would also expose the fact of the past greatness of the Hamite achievements of this world from the past; for the Arian Nordic's whose history begin in Russia, then called the TARTARS and whose land was, Revelations: 20th, chapter 8th verse; called Gog and the chief ruler of that land was called Magog; this is, according to European Christian standards, as well as the belief taught in the European and Western societies, is the abode of Satan, in English and Dracula in the languages of Europe.

And the inhabitants of said land and leader, were called Sons of demons and or children of such in English and Vermiculaks in tongues of Europe chiefly that of German and Russian.

As we all know, or should know, the Europeans did not come into power until recent times, and everything that they claim as theirs was stolen from the nation, and nations that rescued them from the icy depths of the Caucasus regions located in Siberia Russia, where they were practicing cannibalism of the highest form, and worshiping a God they called Wooten, the God of water.

When they were found the women were found to be mating with dogs and the men with other animals as well as themselves (other men), and this is where homosexuality got its beginning, along with sexual activity with animals, known as bestiality.

And there is health and prosperity for you here and in the hereafter, joys and blessings and peace in the garden of the gods which is in the garden of 'Allah, the Paradise of 'Ahlu the Resplendent.

As long as the people, or person obeys the will of the God that he worships he shall, receive the above mentioned conditions, rewards, etc, etc, etc,. But when one, or one's nation, goes after the ways of another nation there is no guarantee of this being given to a stranger. Matthew, 6:10 explains what shall be the case here and hereafter, so it pays for one to take a good long look at the culture that is not of his, or her own nation, before leaping into it without realizing all of what's going on in a culture of a foreign nature or nation.

But trouble and bad luck, here and hereafter is for those who are vulgar in their speech, loud in their talking, makers of mischief, inciters to riot and disorder, disease and hell for them here and hereafter. But the gods and goddess, are mild in manner and speech, full of wisdom, and understanding, clean in body, and in mind; these are the elect of God, full of strength and beauty.

The Surface and Superficial faiths and beliefs which has been foisted upon us will soon be cast aside for the real culture divine.

Fahamme is the foundation of culture and civilization.
